

Glassforce 1800 Sliding Shower

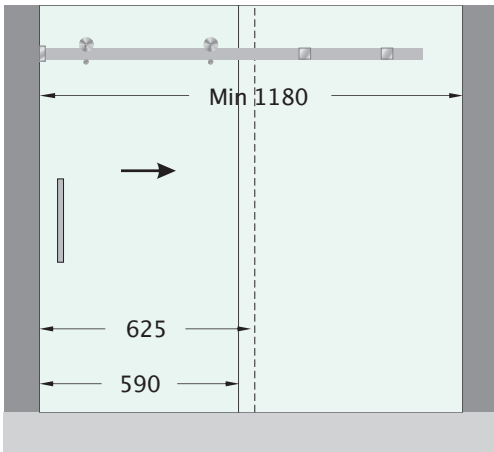

Product Features

- Functional and elegant with a smooth sliding operation, the Duet Shower provides flexibility in configuration options and space-saving features.
- The slim profile of the hardware complements the frameless appearance of this shower to create a look of space and openness, and minimising visual intrusion.
- Toughened Safety Glass and an anti-jump mechanism ensure safety for the family and prevents the door from derailing.
- The sliding door provides ease of access and removes any intrusion created by a pivot door.
